

diary

29 January 1998. **Urban Sanitation Workshop, London, UK.** Appropriate engineering options and solutions, with emphasis on small group work on specific technical problems. For more details, contact: *Darlene Torey, Appropriate Development Panel, Institute of Civil Engineers, 1 Great George St., London SW1P 3AA, UK. Fax: +44 171 233 1806.*

3-6 February 1998. **Second ASCE-ECLAC Workshop on Private Participation in the Management and Operation of Water Supply and Sanitation Utilities, San Jose, Costa Rica.** Focus on privatization experience to date, new initiatives, and the special case of smaller countries, with follow-up discussions and case studies from the first workshop held in Chile in 1995. Presentations expected from Central and South America, East and West Europe, and North America. For more details, contact: *Terence Lee, ECLAC, Casilla 179-D, Santiago, Chile. Fax: +56 2 208*

0252. E-mail: tlee@eclac.cl or Vinio Floris, 1198 Primrose Lane, Wellington, FL 33414, USA. Fax: +1 561 795 4273. E-mail: vinio@emi.net

9-27 February 1998. **Monitoring for Effectiveness: Improving community-based water supply and sanitation projects, Nairobi, Kenya.** Course aimed at policy-level management interested in developing and implementing more participatory monitoring strategies related to water supply and environmental sanitation. Contact: *The Training Manager, NET-WAS International, PO Box 15614, Nairobi, Kenya. Fax: +254 2 890554. E-mail: netwas@ken.healthnet.org*

25 February-1 March 1998. **IAWQ International Specialized Conference on Water Quality and its Management, New Delhi, India.** For more details, contact: *C.V.J. Varma, Member Secretary, Central Board of Irrigation & Power, Malcha Marg, Chanakyapuri, New Delhi 110*

021, India. Fax: +91 11 3016347. E-mail: cbip@cbipdel.globemail.com

11-14 March 1998. **Thirteenth International Water Exhibition SMAGUA '98 and Environment Show, Zaragoza, Spain.** Solutions and exhibits in the following environmental areas: energy; water; atmosphere; waste disposal; and environmental engineering. For more details, contact: *SMAGUA, Apartado de Correos 108, 50080 Zaragoza, Spain. Fax: +34 76 330649.*

24-6 March 1998. **Aquatech Asia 98, Singapore.** An exhibition on environmental technologies in Asia focusing on, among others, water purification, wastewater treatment and water pollution-control equipment. For more details, contact: *William Lim, RAI Exhibitions Singapore PTE Ltd., 1 Maritime Square, #09-01, World Trade Centre, Singapore 099253. Fax: +65 272 6744. E-mail: raispore@singnet.com.sg*

3-6 May 1998. **Conference on Watershed Management: Moving from theory to implementation, Denver, USA.** The latest information on implementing watershed planning, protection, restoration, and education. For more

details, contact: *Water Environment Federation, 601 Wythe Street, Alexandria, VA 22314, USA. Fax: +1 703 684 2492. E-mail: confinfo@wef.org*

3-6 June 1998. **International Conference on World Water Resources, Paris, France.** Objectives include: identifying water problems due to the increased demand for water for human water supply, irrigation, and industry; making recommendations to the international scientific community for dealing with future challenges. Contact: *UNESCO, Division of Water Sciences, 1 rue Miollis, 75732 Paris Cedex 15, France. Fax +33 1 45 68 58 11.*

10-12 June 1998. **Canadian Water Resources Association Fifty-first Annual Conference, Victoria BC, Canada.** Theme: 'Mountains to Sea: Human interaction with the hydrologic cycle.' Sessions will focus on both hydrologic processes and the complex interrelationships between human activity and the hydrologic cycle. Contact: *Valerie Z. Cameron, CWRA Mountains to Sea Conference, BC Environment, 10470 152nd Street, Surrey, British Columbia V3R 0R3, Canada. Fax: +1 604 930 7119. E-mail: vzcameron@surrey.env.gov.bc.ca*

POTAPAK

PACKAGED WATER PURIFICATION SYSTEM FOR SMALL COMMUNITIES

APPROPRIATE TECHNOLOGY

Improved slow sand filtration

EASILY TRANSPORTED & INSTALLED

Tough and reliable

SIMPLE MAINTENANCE

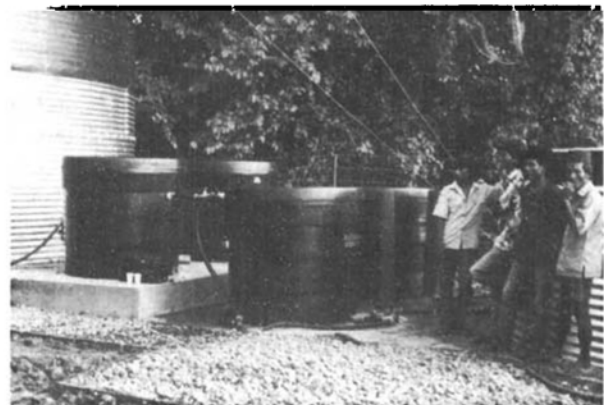

No chemicals

COST EFFECTIVE

Field proven

THE POTAPAK SYSTEM - WINNER OF THE 1984

POLLUTION ABATEMENT TECHNOLOGY AWARD

Portable bacteriological and chemical water testing with POTALAB — complete in field assessment of water quality to WHO guidelines

POTAPAK LTD WESSEX HOUSE OXFORD ROAD
NEWBURY BERKS RG14 1PA UK
