

Our single platform for ebooks and journals offers:

- Intuitive navigation and campus branding
- Federated access using SAML, Open Athens or IP address
- Single sign on - no need for multiple login screens for users
- Integrated WAYFless and deep linking
- Fully searchable/ downloadable PDFs
- Real time usage statistics, KBART and MARC records
- Personalised quality customer service

Our low cost, not-for-profit business model can be adjusted to suit your needs – alongside annually renewed access that includes complimentary access to our back catalogue, we offer perpetual purchases from a 5 book pick & mix option, to one of our curated collections by subject or publisher, a bespoke collection, or our entire electronic archive.

We also offer a **60 day free trial**, during which you can assess usage to inform which package suits your institution best and can work with you to provide pricing for bespoke collections.

Here are some examples, including information and pricing, of different ways of accessing our resources to inspire you!

2023 EBOOK ACCESS

20-30 titles from this year, + complimentary 525 titles from 2000-2022
